## DEMANDS FULL INVESTIGATION.

Supt. Chapman Declares He Will Resign Unless Vindicated.

HELD TO GRAND JURY AS RESULT OF WHIPPING TUCKER BOY.

Prof. G. W. Chapman, Superintendent of the Madsenville Graded Public School, who was tried Saturday before City Judge Hopewell, of Madsenville, on charge of "WILFULLY AND UNMERITABLY BEATING EVERETT TUCKER, A BOY UNDER THE AGE OF SIXTEEN YEARS, has demanded an immediate and thorough investigation of all "ugly rumors" that have been afloat concerning himself. The Board of School Trustees have adopted resolutions upholding Prof. Chapman in maintaining discipline in the school and fixing a time for a full investigation of all matters touching Prof. Chapman's fitness to fill the place he now occupies. The hearing will be held next Thursday evening and citizens are asked to submit petitions all they know upon these points, to be considered at that meeting.

The board of trustees of the Madsenville public school held a call meeting Monday in the office of the secretary, all the members being present. The chairman of the board stated that the object of the call meeting was to discuss discipline in the school and the various rumors being circulated in regard to Prof. Chapman. The following communication from him was read:

"To the Board of Trustees of the Madsenville Graded School:  
I am informed that there have been many rumors regarding me which would render me an unfit person to remain in charge of your school as superintendent. I deny any and all such charges, and urgently request you to make an immediate and thorough investigation. If the truth does not fully vindicate me I shall feel in duty bound to resign at once. Respectfully,

"George W. Chapman."

The following resolutions were adopted by the board:

"Whereas, the idea is entertained by some that the superintendent of the Madsenville Graded School has no power of correction of pupils. Now, with out passing on the propriety of such a view, be it resolved that it is the sense of the Board of Trustees of said school that proper discipline in said school be maintained and that the published rules of this board be faithfully and impartially enforced.

"A copy of this resolution shall be given to the superintendent and he will read the same to the school; and whereas there are rumors afloat regarding the improper conduct of the superintendent, and he has demanded an immediate investigation thereof. Now, be it

"Resolved, That the Board of Trustees do hereby set the Hon. George W. Chapman, Commissioner of Education, for full and thorough investigation of any and all matters touching the fitness of Superintendent Chapman to remain in charge of said school, and we request all persons who have knowledge or information on or before that date to send the board written charges with names of witnesses."

Frieds of Prof. Chapman express great surprise at the decision of Judge Hopewell in changing the charge against him to "assault and battery" and holding him over to the grand jury. The trial was fixed at \$250. The trial lasted nearly all day Saturday and was closed with speed by Everett Jennings for the defense and Ruby LaForte for the prosecution. The case of Mr. Jennings is spoken of on all sides as a masterful effort and the general belief in the court room was that Prof. Chapman would be cleared.

The Bee has a sketch of the now historic paddle, by some called "bludgeon," with which Superintendent Chapman administered the punishment to young Tucker. Here is the exact description of this paddle: It is

made of basswood, 12 $\frac{1}{2}$  inches long, 1 $\frac{1}{2}$ -16 inches wide at widest part, tapers at handle, is 1 $\frac{1}{2}$  inch thick and weighs exactly 1 $\frac{1}{2}$  ounces.

### RECORD BROKEN

In Subscription for Y. M. C. A. Building Fund.

The most remarkable canvas ever made for a Y. M. C. A. Building was successfully closed at Kansas City, Mo., on March 15th, all past records in this line being broken. In twenty-four days campaign \$277,119.00 was subscribed for a new Building. The Committee having the canvas in charge commenced to raise one quarter of a million dollars, and in the remarkable short time of twenty-four days, the amount stated was subscribed, and the Committee in charge states that there is no doubt but what the amount finally subscribed will reach fully \$300,000.00.

This canvas breaks all records, being the largest amount of money ever raised for a Y. M. C. A. Building in the length of

The Y. M. C. A. building committee will receive bids for the construction of the new Y. M. C. A. building at Madsenville up to noon, Monday, April 2. At that time the bids will be opened. The committee reserves the right to refuse any or all bids. Interested parties will be furnished full particulars by Mr. L. Bailey, chairman.

As soon as the contract is let, and the work of building assured the committee will at once arrange to complete the canvas for the necessary funds. The Committee will need \$15,000.00, in addition to the amount which has been subscribed and they feel confident of being able to secure it in a reasonable time, though they do not anticipate beating the record made by Kansas City.

### ANNUAL INSPECTION OF STATE MILITIA.

Earlington Company "G" will be inspected Thursday, April 12.

General orders No. 1, received by Capt. Paul P. Price gives the schedule for inspection of the military companies of the State next month. The inspection will be conducted by Capt. Melville S. Jarvis, 4th U. S. Infantry, and Inspector General Noel Gaines. The inspection will begin at Owensboro on April 9, Company "G," of this place, the winner of the "award of colors" at the last annual inspection of the Third regiment, will be inspected on the evening of Thursday, April 12th. The Madsenville company will be inspected on the evening of April 11th.

### CHAS. BURRIS GOES TO PENITENTIARY FOR KILLING WIFE.

Soldier With Six Years Fighting Experience Convicted of Manslaughter.

Hopkinsville, Ky., March 17.—Charles Burris, charged with murder in the killing of his wife at Pembroke, several months ago, was found guilty of voluntary manslaughter by the jury this morning and given the highest penalty. 21 years' confinement in the penitentiary. Burris was in the army for six years and was honorably discharged in the Philippines. He was in the memorable charge up San Juan Hill and numerous other battles around Santiago, through all of which he passed without a scratch.

### Hit But Not Hard.

A head end collision occurred at New Empire Saturday evening but no damage was done. Hill engine 541 and engine 950 pulling a freight train ran together striking each other slightly. The cause of the accident is thought to have been due to the fact that engineer Nolan thought the hill engine was on the siding when it was on the main track. Engine Crawford was in charge of engine 541. Engine 950 is the same engine that overburned and killed engineer Wetzel at Nortonville a short time ago.

### SPENT HER GIRLHOOD IN EARLINGTON.

The following notice from Sunday's Nashville American tells the story of the end of the brief life of a lovely young matron whose girlhood years were spent here in a circle of friends who still cherish the memory of a sweet and beautiful young life:

Mrs. Neal Bond.

Mary Warm friends of Mrs. Cornelia Foard Bond regret her departure at Asheville, N. C., on March 10. She was a daughter of Col. and Mrs. Joseph E. Neal, former residents of this same house now in New Mexico. She had been in failing health for several years past and bore her sufferings with that spirit of resignation characteristic of her. Her girlhood and young womanhood were spent in Nashville where her rare culture, beauty and personal charm won for her the friendship of everyone with whom her life came in touch. She was 28 years old. One month ago she entered a year's course at the Folk-School without leaving her home. Her remains were carried to Bolivar and laid beside those of her late husband, McDaniel Bond, in the Folk-School family burial ground. The funeral took place from the home of Mrs. Bond's mother-in-law, Mrs. P. Hill.

### CONFEDERATE REUNION

Will be Held at New Orleans Beginning April 25th.

On Wednesday, April 26th, 1906, the reunion of Confederate Veterans and Sons of Veterans will be held in New Orleans. Arrangements have been made with the railroad company for a special train from Louisville for the Sons of Veterans and their friends who desire to make the trip. The train will leave Louisville Monday, April 23rd, and reach New Orleans Tuesday evening at 7:30 o'clock. Fare for the round trip will be \$15.20.

An invitation to the F. B. Harris camp of Earlington is ex-

tended and the members of this camp are hereby notified that a call meeting will be held in the Bee Hotel on Monday night, March 26th, to consider this and other important business. Each member is urged to attend this meeting.

### OPERATOR LIVELY.

Who Formerly Worked at This Place Confesses to Causing the D. & R. G. Horror.

Operator S. F. Lively, whose home was at Munfordville, Ky., and who formerly worked at this and other points on the Henderson division, says he was responsible for the head end collision that occurred near Adobe on the D. & R. G. railroad March 16, in which 58 people were killed and injured. Lively was operating at Swallowell, Colo., and was racing for the night man, Van Dunzen, the night of the accident. An order was put out at Swallowell for passenger train No. 3 to meet passenger train No. 3 to pass meet passenger train No. 3 at Adobe. When No. 3 passed Swallowell, Fork operator Lively was asleep. The train dispatcher at Pueblo, shortly after No. 3 had passed, asked operator Lively if No. 3 was by his station, and he said it was not. On the strength of this information the dispatcher put out another order that the trains would meet at Swallowell. Fork instead of Adobe. A few minutes later the trains crashed together with the above result. The employees of the L. & N. will be held responsible. Loveless and Spangler are both miners and a dispute arose over who had mined the largest number of cars of coal.

The proof was not sufficient

to warrant Judge Wilson in binding Loveless over and he was dismissed. He at once went to see Clerk Will T. Mills and applied for marriage license which was refused on account of no witnesses. Loveless left the office disheartened over the failure to procure the license went to Hopkinsville and secured the necessary papers, returning to the town that night. The next morning the happy pair drove to No. 3 coal tipple and Magistrate R. C. Loveless tied them hand and foot while they sat in the buggy in front of the coal office. This was Mr. Evans' first couple and he went through the ceremony as though he had been marrying people all his life. The bride was Mrs. Rita McGinnis, of Hecla, and the young couple will live at Hecla.

Mr. Harry Gordon, in introducing "A Royal Slave" to the patrons of our theatre, not only promises, but assures them, that this production is the departure for all others that have been presented in our city. "A Royal Slave" was taken from an actual story of the seven years reproduced from photographs of Old Mexico around which the play was written. The characters of "Agua," "El Caramelo," "El Solito" and "Juan Alvarez" figure in many parts of Mexican history. The cast has been carefully selected, the members being especially chosen for their remarkable roles. At Temple Theatre soon.

Spring hats to please both old and young will be seen at Miss Annie Moore's opening April 2 and 3.

Miss Nettie Belle Martin is absent from school this week on account of illness.

One Earlington lady was heard to say on another cold day this winter: "I am glad to see some beauties have Miss Anna Rice has. They are simply lovely and they are so cheap, too." "No," said the other, "I am sorry to say we are richer now. I bought my hat from her fast year and was as well pleased I will get my spring hat from her." And the dialogue continues.

Interest continues to increase in the revival in progress at the Methodist church on the hill. Large crowds are in attendance at the services and the audience is headed by Rev. H. Embry, of Ohio county, and the pastor, Rev. J. Dane, are conducting the meetings.

It is perhaps not an overstatement to say that the salt industry in the state of Kansas is as thin in the state as Kansas is in the state.

The state has saved the people of the whole state as much money as the manufacture of salt. When Kansas became a state the salt was selling at an average price of \$13 per barrel. In 18 years there has been no manufacture and consumed in Kansas alone, approximately 3,600,000 barrels of salt. It is very conservative to estimate that the price has been reduced at least \$1 per barrel.

## The Sins of the Parent FREQUENTLY FALL UPON THE CHILDREN

Especially terrible does it seem that children should be born into the world—as they frequently are—having in their little innocent bodies the germs of Specific Blood Poison, or, more frequently, Scrofula, which is, as a rule, the result of Specific Blood Poison in some ancestor.

It would be an outlook almost too intolerable to contemplate if such scourges as scrofula and other forms of blood poisoning were incurable.

Yet for long centuries these diseases have baffled the most skillful medical science.

Men and women in the past have resorted to cures for these diseases which were almost as obnoxious and dangerous as the disease itself.

The taking into the system of mercury and other mineral drugs cannot be too strenuously condemned and avoided in such cases.

That a cure, absolute and sure, can be effected is evidenced by the following letter, telling of the result of taking

Oconees, Va., Aug. 15th, 1903

To Whom It May Concern:

We have two little twin girls that were badly afflicted with Scrofula. After trying three of their doctors would employ them continued to get worse all the while. I was advised by a friend to try Foerg's Remedy, so I procured one bottle, and it has cured them sound and well. This was four years ago, and no sign of return, so I cannot say too much for this medicine, for I think it is the best blood medicine in the world.

## LOCOMOTIVE BLASTS

Big Blasts of Coal Gas.

The Pennsylvania railroad has decided to burn up all wooden coal cars and to discontinue the construction of new ones. Coal wrecks have been caused by the use of old cars which are frequently crushed between the heavier steel ones by sudden stoppage of trains.

L. & N. Improvements.

The Louisville & Nashville road has resumed active work on the Henderson division and is working all the men it can get between Edgewood Junction and Henderson. This work was stopped for a while in the winter in order to send the work gangs to the Cincinnati-Atlantic Line. The men have returned reformed and from now until the middle of the summer there will be many extra gangs at work on this division. Nearly all the line from Edgewood Junction will be rebuilt and several new bridges will have to be put in. When this work is completed the St. Louis end of the L. & N. will be one of the best on the Louisville & Nashville system—Nashville American.

A force of L. & N. engineers is now engaged in surveying the steep grade in Hopkinsville beginning at Fourteenth street and extending beyond the Clarksville pike crossing. When all details are completed the work of reducing this hill will be commenced.

Determined to stop flirtations at the stations with its passengers and the use of the stations for general meeting places, the Delaware and Hudson railroad company has ordered its station-masters to prevent any loitering about the stations and to allow only those who buy tickets and are waiting for trains to remain in the stations. It has been found that young boys and girls gather at the stations to flirt with passengers who come on the trains and that the stations are the rendezvous for those who arrange to meet each other.

The work of reducing grades and straightening curves on the Henderson division will begin soon. In reducing these grades traffic will not be delayed in the least. All the grading will be done with a view to doing away with the division at some future date, and with this end in view the space graded will be just twice as wide as at present. Under this plan half of the space will be graded while the track remains on the other half, and when this is completed the track will be moved to the graded part and the other portion will receive attention.

### FATAL WRECK NEAR CORYDON.

Engine Overturns Killing Fireman and Injuring Engineer.

Engine 611 backed on to a broken rail at Wilson, near Corydon, Wednesday, overturning and badly scalding Engineer Fred Mitchell and killing Fireman Ben Thomas.

The engine and caboose in charge of Conductor Bombaugh were on the way to get a through bound freight train, No. 355, whose engine had become disabled at Wilson and were running at a rate of about 25 miles per hour when the accident occurred.

Fireman Thomas was caught under the engine and killed until 2 o'clock Wednesday night, while Mitchell, who was badly scalded over his entire body, will probably recover.

## BUILD UP THE SCHOOL.

The school trouble in Madisonville is matter of very serious regret on the part of all citizens who take interest in the educational advancement of the town and country. The misfortune touches not the county seat alone but reaches generally throughout the county and elsewhere. The school has pupils from several other points in Hopkins county, and just now there are some forty students taking the normal course for teachers in that school. Some of these have never taught school but the bulk of them are teachers and several states are represented in their ranks.

Whether all who live in Madisonville or in Hopkins county appreciate it or not our schools are of overwhelming importance to the public welfare and the progress of enlightened citizenship. It is a truly serious matter for Madisonville and for all patrons of the school that anything should have occurred that would cripple or in any way impair the usefulness of the Madisonville Graded School. Particularly is this true since this is the first graded school, and yet in its infancy, that Madisonville with all its wealth and strength has ever had, and since only just now has Madisonville begun to give the people a free public school for longer term than that provided for by the State public school fund.

The writer, reared in Madisonville, knows well, through regretful experience, the former sorry lack of adequate free educational facilities and feels a proprietary right in commenting upon these things, both on this account and on account of the interest that every good citizen must feel in the progress of education.

There has been an arrest of the superintendent of the school and a prolonged trial on charge of unmercifully whipping a boy under the age of sixteen years. The superintendent has "been held over to the grand jury. The testimony at the trial showed that the punishment was severe, though administered with a one and three-quarter ounce paddle, but that no injury resulted, further than a soreness and discoloration of the skin. It also showed that the boy was very refractory and that he fought the superintendent.

The school, as is generally conceded, has accomplished excellent results and had a bright future. But Madame Rumor has held the boards and damaging gossip has been handed around unspuriously for some time past without any one having the grit to prefer a specific charge against the object of these reports, which rumors the Superintendent and the gentlemen composing the Board of Trustees denounce as slanderous.

It is acknowledged that, but for the gossip afloat, the punishment of one bad boy more or less would not have precipitated such a sensational trial and prosecution as the superintendent has just now experienced.

Upon the question of corporal punishment in public schools we hold the opinion that it is sometimes absolutely necessary; that it should be always avoided if there is any other possible way.

of maintaining the school discipline; and that, when administered, it should be done with moderation and in a way not to unnecessarily degrade the offend ing pupil.

As published in today's Bee, the Superintendent has demanded a full investigation of all rumors affecting himself, and the Board of Trustees have set a time for considering any charges. It is to be hoped, if anyone has a real grievance, they will, in the interest of the future welfare of the school and the town, put the charges in tangible shape, so that it may either be established or cleared up.

Let everybody contribute the best effort and influence, now and ever, to support and encourage our public schools.

Gov. BECKHAM has decided that no further latitude will be given the extra session of the General Assembly than that included under the original call. That call gives authority only to consider the question of tax on rectified spirits and the duties and powers of Auditors' agents. This decision will save to the State an "extra" thousand a day for a number of days during which numerous legislators would put their pet measures through their best gaits.

## THE GREAT MARCH STORM

## TWELVE KILLED BY SNOW SLIDE IN COLORADO.

Heavy Snow Covered Country North of Tennessee, Causing Loss and Great Inconvenience.

The snow storm which began on Sunday, March 18, and which attained the proportions of a blizzard in many places, extended from the Rocky mountains to New England, and out of Tennessee.

In Colorado, destructive snow slides occurred. Near Silverton, Colo., a snow slide killed 12 miners. The men were on their way to Silverton from the Shenandoah mine, where the supply of provisions had run short. One man of the party escaped. The bodies of the miners were found lying face down in the snow. At Camp Bird mine, near Ouray, Colo., a snow slide caused a loss of \$500,000, and one man is known to have been killed.

Nebraska, Kansas, Missouri, Illinois, Indiana, and Ohio were covered fast by 15 inches of snow. Railways have been blocked and interurban lines tied up. In the cities strenuous efforts were put forth to keep street car traffic open. The country districts were completely tied up. In small towns, and some large ones, a coal famine existed, causing hardship. Factories existed, also schools, for lack of fuel.

Weather men report it the worst March storm for years.

Kansas farmers are reported well pleased with the heavy snow fall, as it means plenty of moisture for their wheat.

Heavy rains and floods are reported in Mississippi, damaging plantations and delaying railway traffic.

## MINERS AND OPERATORS

President Keeping Close Watch On Mining Troubles—Another Joint Conference.

Washington, March 19.—There is good authority for the statement that the president is keeping the closest sort of watch on developments in the great fight between the anthracite operators and the miners, and that at a joint conference on Friday last he went over his services of 1902 that brought the strike of that year to an end. The president has agents who are in communication with both the operators and the miners and is constantly informed by them of the exact situation. It is generally believed that the president would like to go into the joint conference between the warring interests if he thought the situation required it.

Mitchell Writes to Baer.

Indianapolis, Ind., March 29.—President John Mitchell of the United Mine Workers, after a conference with F. M. Baer, chairman of the anthracite coal operators, commits his reply to the committee's communication rejecting the demands of the miners. The letter expresses a willingness for further conference.

Another Conference.

Indiana, March 19.—A. C. Baer—That there will be a second joint conference of the coal operators and miners of the central competitive district, comprising the states of Ohio, Indiana, Illinois and western Pennsylvania, was definitely agreed upon at the meeting when the operators of the four states met in convention and adopted a resolution setting forth their willingness to meet the representatives of the United Mine Workers. Subsequently, arrangements

were made for an early conference.

## Mr. House-holder

It has always been my desire to secure for my house the best of everything at the lowest possible price.

As regards paint in particular, I am pleased to mention that after thorough investigation I have accepted the exclusive agency for Hammarskold Paint.

It is guaranteed to last five years, with, based on this guarantee, the great St. Louis House of Hammarskold, with a half million dollars cash capital and a history of a century reputation for honorable dealing.

There is no guess work about Hammarskold Paint. We sell you the paint and oil separately.

It isn't ready mixed. You can mix it yourself, and all you need to do it with is a stick.

Paint lives only so long as the oil in

itself, which takes but a minute, we claim, to guarantee it to wear for five years and to look well at the end of that time.

By purchasing the fresh oil separated from it with Hammarskold Paint you save 25%, which means in a nutshell that you have paid for oil not at present price.

One gallon Hammarskold Paint and one gallon linseed oil covers six hundred square feet of surface, two coats, which is the closest sticking, farthest spreading, and longest lasting paint in the world.

Come in and talk it over. There is nothing else like Hammarskold Paint.

—THE LYMAN TWIN COMEDIANS.—

The Lyman Brothers, the famous pair here, March 23 with their big company in the musical farce comedy "The Rustlers" will have the remarkable distinction of being the only two comedians today before the public.

These clever young players have made up one half the people in the United States, forged a toll of life and enjoy a good laugh, although they are still in their twenties and even now at that age they are rated as brilliant comedians of the day, their work full of originalities and funny eccentricities of the higher order.

Their new vehicle, "The Rustlers," is a farce comedy farce comedy, finely staged and filled with bright clean and refreshing comedy, intermingled with pretty music, made brightly by a dainty chorus elegantly dressed, and the scenes magnificently decorated and funny story portrayed by a cast of clever fun makers. The Summer Girls, Military Maids, and the Truly Girls are some of the features which are to be seen.

### A Sickling Production.

"A Royal Slave" is a most pleasant departure in the way of pantomime, and there is nothing similar to it on the stage.

It is a new production, another story, containing an interesting theme and presenting a pretty romance in a manner which holds the audience in suspense throughout the entire play.

"Agouti," the Slave, is a man of fine physique, possessing a rich, sonorous voice, and acts with grace and masterful manner.

He gives an excellent interpretation of a part of a race which now remains only in history.

Mr. Harry Gordon has selected an entire cast that seems exceptionally well fitted for the parts which they play.

The play is an uninteresting comedy in the play.

The stage settings are admirable and lacking nothing.

An unusual company will be seen in the play, and those who attend the performance here will not have cause to regret it.

### COLORED COLUMN

EDITED BY J. R. ROBINSON.

Mr. Matt Haunt visited his sister at Prof. Jennings of St. Charles.

Prof. Jennings of St. Charles visited here last week in the interest of his Clothing Business. And while he here visited the Public Schools and also the Newer and Improved Institutions which was held and conducted here in the Mt. Zion Baptist Church by Rev. J. J. Macauley of Mayfield Ky., and the District Minister. We are very much induced that the bad weather prevented the said meeting having the support of the people of Earlinton.

Rev. H. K. Hendry of Henderson, E. Williams of Hopkinsville and many others Preaching devines were present.

Miss Anna Brown was accorded with much success, and Rev. Macauley filled the pulpit Sunday and Sunday night, for Rev. Keton.

We are requested by Mrs. William Johnson to thank all my many friends for white and black her many thanks, for their kindness and help in assisting her in the sickness and death of her beloved husband as they did.

Mrs. Morris Morrison, wishes to thank her many friends for their kind gifts of whom Mr. George Morrison, of Earlinton, gave a \$30.00 Silver Set for the occasion.

There will be a grand concert given in the interest of the Mt. Zion Baptist Church Saturday night April 14th. Music will be the chief attraction. Come one and all.

Mrs. O. R. Kenton, Manager.

We are very sorry and regret very much to note that Mr. Charles Bradbury, of Earlinton, was shot dead Thursday night March 15, was shot by Mr. Charlie Osburn, also was bitten at the same time. Mr. Bradbury was a very good man, none of the accused has not been captured.

Rev. Keeton and his family in Company with Rev. J. J. Macauley took tea with Mr. and Mrs. W. M. Morrison.

Well the editor has resigned, and will be a good man to take my place at once. I am satisfied you will like him when you learn who he is. He is a working man, and has past favors, I pray for the future success of the Column.

Rev. E. M. Smith of the A. M. E. Zion Church and Boss of the Primitive Baptists Church, has a vast number of their Members attended Rev. Keeton Rally Sunday afternoon. A Friend recommended Kodol. FAILED TO CURE

HARRISBURG, Ill., May 19th, 1905.

DEAR SIR: Believing that "ZEMO" saved my arms, if not my life, I will gladly tell all about it. I was born in 1850 and suffered from a torturing case of itching eczema of both arms. I tried eight different doctors, but none could cure me. I became an invalid and could not work. My wife and I had a large family and I could not support them. I began to improve; in six weeks and one day the disease had disappeared, and my arms were as good as new. I have never had a relapse. Some of my friends wanted me to have them taken off, but I would not agree. I am now enabled to earn a living again. I am now stronger than ever before. I can now work harder and longer. I would like to thank you for sending "ZEMO" to all persons suffering from skin diseases. Yours gratefully,

Mr. Harvey Burks.

### A Lively Tussi.

One would think the Laxative idea in a cough syrup should have been advanced before this. It was not until now that rational idea for Coughs and Colds would be to move the bowels and clean the mucous membranes of the throat. Kraldy's Laxative Honey and Tarragon does this. It is the Original Laxative Cough Syrup, the best known remedy for Coughs, Colds, Croup, Whooping Cough, etc. Tastes good and harmless.
